

Typical Infantry Company Camp Layout

(Adapted for Camporee; USE THIS to Guide Your Camp Set-Up)

Senior Staff (Adult Leaders) will form as a single row of tents at the **BACK** of each company street (shown).

The Company Captain (Sr. Patrol Leader) will occupy a space of his own with his tent about 15 feet down from the line of Sr. Staff tents and 15 feet before the double row of scout “recruit” tents (shown); the Company Captain’s tent will also be directly in the **CENTER** of the company street.

The **FIRST** scout tent to the left in the **DOUBLE ROW** of tents will be the tent of the Company First Sergeant (Asst. Sr. Patrol Leader). Diagram shown below explains site layout for all Scout Company sites.

Fire/Emergency Access Lane & Porta John & Water Buffalo
